## SUMMARY

Motivated undergraduate student with a solid foundation in full-stack web development. Skilled in both front-end and back-end technologies, I am eager to apply my knowledge and gain hands-on experience at your company. Excited to contribute to innovative projects and grow professionally in a supportive and challenging environment.

## PROJECTS

### Hope — Jun 2024 - Jul 2024

Institute of Software Engineering • Group project

An emergency reporting system with image and audio attachments and a quick officer assignment dashboard. Worked as frontend developer in this project
